

About HFHSLOCO

Habitat for Humanity San Luis Obispo brings people together to build homes, communities, and hope.

We are a non-profit housing organization that empowers individuals to build lasting legacies for their families while strengthening our community. Our programs allow hardworking members of our community to partner with donors and volunteers to achieve stability through successful homeownership, to remain safely in their homes while maintaining the affordable local housing stock, and to create vibrant neighborhoods where residents feel pride in the community they have built.

- Our **Homeownership & Building Program** creates affordable housing in San Luis Obispo and provides opportunities for residents to access affordable loans to purchase safe, comfortable homes. We also provide our partner families with support services such as financial literacy education and skills training to support successful homeownership.
- Our **Neighborhood Revitalization Program** broadly seeks to connect residents, businesses, and community leaders with the common purpose of improving our neighborhoods in a way that makes sense in that community, creating a lasting impact for residents now and into the future.
- Our **Home Preservation Program** seeks to revitalize the appearance of our neighborhoods, to build community among neighbors, and to ensure homeowners have a safe, decent, and healthy place to live.

Support for these programs relies heavily on the generosity of our community in the form of donated time, materials and skills, as well as consistent financial support.

- In our **ReStore retail locations**, volunteers, donors, and the community come together for a common purpose. Donated materials, equipment and goods are resold, and revenue is used to support our work.
- Reliable **volunteer and donor support** are critical to the success of each project we complete. Skilled volunteers ensure that each of our programs run safely and efficiently, while financial donations support our operations and programming as a non-profit organization.

San Luis Obispo is ranked as one of the least-affordable small-metropolitan areas to live according to the National Association of Home Builders. Since 1997 HFHSLOCO has been committed to building and preserving safe, affordable housing in this community, while creating opportunities for residents to serve and support one another through volunteerism and financial gifts.

Our Mission Statement

Seeking to put God's love into action, Habitat for Humanity San Luis Obispo County brings people together to build homes, communities, and hope.
